WORK EXPERIENCE

AriveGuru Technology Pvt. Ltd. - UI Developer
Apr 2017– Present

* Collaborated with team on implementing new features and discussing UX on Cisco projects.
* Currently working on re-write of Cisco Customer Engagement Portal project code from Angular JS to React JS.
* Developed the Front-end web page using UI framework Material-UI, Vuetify, Bootstrap and Angular Material.
* Worked on PWA app in Vue JS using Vuetify framework.
* Made heavy use of chrome Developer Tools and Firebug to ensure Frond-end code.
* Designed company website in wordpress.

Works

CEP- Cisco
Customer Engagement Portal (CEP) is a web portal used by cisco people internally for scheduling meetings with customer and partner.

Flip2Flex- Cisco
Flip2Flex is a web portal used by Cisco's worldwide sales team and its partners for pre-sales offer generation. Cisco's sales team and its partners can generate offer, can submit and get approval of offer from Cisco's licensing ops team.

gurubasava.net
This is PWA app developed in Vue JS and Vuetify. I was responsible for converting mockup to Front End Design.
